## Skills

### Technical Skills

- HTML5 | **CSS** | JavaScript | React.JS | Redux | Tailwind CSS | Bootstrap | .GIT | Node.Js | Express.js | MongoDB

### Soft Skills

- Effective Communication, Problem Solving, Time Management

## Projects

### Cynthia Ugwu • Product Designer Website

A modern and visually engaging website with smooth scrolling and dynamic animations, delivering an interactive and seamless user experience.

- **Sleek & Modern Design** – Clean and professional layout for a strong visual impact.
- **Engaging Animations** – Powered by **GSAP** for an interactive feel.
- **Smooth Scrolling** – Enhanced navigation using **Locomotive Scroll**.

### News-App

A sleek and responsive news app with a clean interface, smooth navigation, and an effortless reading experience.

- Built with **React**, **Tailwind CSS** & **Bootstrap**.
- Clean & User-Friendly Interface.
- Fast & Responsive Performance.

### React-Authentication-app

Built a responsive authentication app using React and Firebase Google Sign-In. Managed user sessions, handled token expiration, and styled the UI with Tailwind CSS and toast notifications for feedback.

- **Google Sign-In with Firebase Authentication**
- **Profile photo and name display on login**
- **Token expiration check and session handling**
